Foot Notes:

(1) All foreign currency borrowings from various multilateral / bilateral agencies (hedged) viz. ADB, IBRD, NIB, KfW, AFD and JICA have been converted into INR loan by way of plain vanilla swap transaction/currency, interest rate swap and principal only swap entered into with various banks with whom IREDA has signed ISDA Master Agreement. These swap/derivative transactions have been entered into with the participating bank for a different maturity period for each transaction which is shorter from the maturity period of the loan. The hedging of the foreign currency loan has been carried out at various intervals and in multiple tranches of draw against the line of credit. Due to SWAP/hedging of foreign currency loans, in addition to interest cost, these loans carry, hedging/derivative cost, commitment fee, government guarantee fee and other financial charges and due to multiplicity of the tranches of draw against the line of credit, the applicable rate of interest on these lines of credit has not been disclosed above.
